This specialized resume is typically used for both employment and marriage opportunities in some South Asian countries, including:IndiaBangladeshPakistanSri LankaA biodata resume can be used for any of the following situations, depending on the context and setting:A criterion-related validity assessment used by employers for personnel selectionA supplement to a resume or CVA resume replacement in some South Asian regionsFor applying to government jobs in IndiaTo apply for temporary and/or skilled labor jobs in some countriesAs a marriage resume in India or PakistanA classic biodata format includes factual personal and professional information about an individual such as:Personal information: date of birth, gender, marital status, religion, height, complexion, father's name, etc.Educational background: Number of degrees, fields of study, and professional training.Occupational history: List of former employers, dates of employment, career advancements, and current salary or income.Skills sets: Soft, hard, and technical skills related to professional and personal achievements.Interests and hobbiesBiodata format documents should not be confused with biodata instruments, or biographical information blanks (BIBs). Click here to start editing your biodata resume.Biodata resumes are used in very few regions. If you're writing a marriage biodata, describe your expectations and what you can provide in the marriage.This section of a biodata resume follows the same structure and layout as an average resume and is an automatic process in our builder. You'll see a left-hand option to add "Affiliations." Click that choice and click next. We'll teach you how to add custom biodata resume sections below, but using our builder will also unlock these beautiful, but professional templates.Our builder follows a combination resume format, you can add optional sections and customizable sections to create a detailed professional or marriage biodata resume. A career biodata resume will typically include the following information:Objective: Let the recipient know your overall career/life objective, and why you should be considered for the position.Personal details: Includes general information such as your name, postal address, date of birth, gender, parents' names, religion, and more. If you're writing a professional resume, focus on what skills and achievement you bring to the hiring manager. A marriage biodata, also known as a matrimonial biodata or a marriage resume, are still used in countries where arranged marriages are common, such as India and Pakistan.A matrimonial biodata includes extensive personal information about the individual, and is designed to help the recipient determine whether or not the individual would be an appropriate marriage partner.The marriage biodata should highlight the personal traits a potential marriage partner might find attractive. Employment laws and regulations within certain Western countries make it illegal to request or provide this information and should only be supplied to HR upon hiring.This section of a biodata resume follows the same structure and layout as an average resume and is an automatic process in our builder. Simply fill in the blanks for the following details and the builder will autoformat this information for you.First and last nameFull mailing addressPhone numberEmailThis information is unique to the biodata resume and is not an automatic feature in our builder. You'll see a right-hand option to "Add Your Own." Click that choice, write "Interests and Hobbies" in the open text box, and click next.Choose the bullet list text format and include a list of your various hobbies or personal interests, as well as your level of experience (beginner, intermediate or expert.)This information is not an automatic feature in our builder, but is commonly requested and has a pre-built option in our additional sections options.To add this section, visit your Hloom dashboard and click the resume you wish to upgrade to a biodata resume. However, our builder does allow you to add custom sections once you complete the standard sections.To create this section, visit your Hloom dashboard and click the resume you wish to upgrade to a biodata resume. You'll see a left-hand menu next to your resume preview with the following options:Spell checkResume sections- Heading- Professional summary- Skills- Work history- EducationAdd a sectionDownloadClick the "Add a section," option. However, a biodata is your best choice if:You're looking for career opportunities in the aforementioned countries.An open job opportunity explicitly requests a biodata resume.A personal opportunity that explicitly requests a biodata resume.Resumes are typically used in the United States and are best for professional opportunities, summarize your career-related accomplishments, and are typically one- to two-pages long.CV's are typically used in the United States for academic, research, medical, federal, or entertainment-related careers and are the international standard for career opportunities. Choose six to eight skills to feature in this section, then move on to the next resume section.This section of a biodata resume follows the same structure and layout as an average resume and is an automatic process in our builder. Highlight crucial promotions or career advancements in the last 10 years.This information is not an automatic feature in our builder. These documents are highly detailed and can vary in length depending on each applicant's experience, but can include multiple pages.How long should my biodata resume be?Your biodata resume is similar to a resume and is between one- to three-pages long, based on the length of your professional experience and the amount of personal information you include.Rate our TemplatesThank you for rating this templateMerci d'avoir voté pour ce CV.Gracias por haber votado por este CVGrazie per aver votato per questo CV We'll walk you through the process.Name (built-in section)Contact information (built-in section)Personal information (new customized section)Summary statement (built-in section)Skills (built-in section)Work experience (built-in section)Interests and hobbies (optional built-in section)Affiliations (optional built-in section)This section of a biodata resume follows the same structure and layout as an average resume and is an automatic process in our builder. If you are not given a set format guideline, you can use any of our free biodata templates or use the instructions below to create a premium biodata resume yourself.The biodata format is used for more than just a resume or CV replacement/enhancement. Also be sure to insert your best photograph into this section.Contact information: Postal address, email address, landline and mobile phone numbers, and social media information.Lifestyle: Hobbies, interests, values, beliefs, opinions, favorite foods and drinks, likes/dislikes, smoker/non-smoker, religious/non-religious, etc.Ambition/life goals: Your desires and the things you want to achieve in life.Partner expectation: Qualities you hope to find in a partner; such as age, family type, educational background, facial appearance and many others.Our free biodata templates are designed for employment opportunities, but they can be tailored to fit the requirements of those looking to create a good marriage biodata.Shared sections:Biodata ResumeContact informationObjective statementProfessional experienceSkillsEducationResumeContact informationObjective statementProfessional experienceSkillsEducationCVContact informationObjective statementProfessional presentations/attendanceHonors and awardsGrants or fundingPublicationTypically found in these countries/regions:Biodata ResumeIndiaPakistanBangladeshSri LankaResumeCVEULatin AmericaAsiaCanadaAustraliaNew ZealandAcademics or research in the U.S.Best used for:Biodata ResumePersonal and professional opportunities in the aforementioned countries.ResumeProfessional opportunities in the aforementioned country.CVProfessional opportunities in the aforementioned regions and industries.If you'd like to build a beautiful biodata resume in minutes, you can use our Resume Builder to get started. It's a window into the life of the individual that gives the reader insight into who they are. The former is a document typically prepared by the individual and, in some settings, can serve as a replacement for, or a supplement to, a resume or CV.For an employer, the biodata format serves as a personal and professional profile summary. Here you'll find examples of our premium resume templates used to create a professional biodata resume or matrimonial biodata resume.A biodata resume differs from a standard resume by including personal information about the applicant alongside their professional training and accomplishments. A typical marriage resume format may include the following:General information: Name, parents' names, date of birth, family details, caste, educational background and profession.Appearance: Height, weight, build, hair and eye color, facial appearance and complexion. You'll see a right-hand option to "Add Your Own." Click that choice, write "Personal Information" in the open text box, and click next.In the open text box, choose the bullet list text format option and include the following information in this order:-Date of birth (DD/MM/YYYY)Marital status (single/married/divorced/widowed)Next of kin/emergency contact (full name and number)Disability (N/A or list of diagnosed disabilities or genetic disabilities)ReligionHeight (XX"X" or XXX cm)Race/Ethnicity/caste groupAmbition/life goalsPartner expectationPlease note: This personal information is rarely included on professional resumes or CVs. You should only include this information in biodata resumes within regions that request this resume format. Unlike a Western resume, which limits your work history to the last 10 years, you'll want to note your entire professional history in reverse-chronological order.Start with your current or most recent position and work backwards. You'll see a left-hand menu next to your resume preview with the following options.Spell checkResume sections- Heading- Professional summary- Skills- Work history- EducationAdd a sectionDownloadClick the "Add a section," option. You'll likely find and need a biodata resume in the following countries:IndiaPakistanSri LankaBangladeshIs a biodata resume better than a resume or a CV?A biodata isn't better than a resume or a CV because they are used for different purposes. Our builder offers an autofill option with various well known organizations as well as an open text box that allows you to add unlisted organizations.Now you are ready to try out our builder. Also list your hobbies, interests, passions, strengths, characteristics and anything else that helps the recipient understand who you are and what you want to accomplish in life.Educational background: List, in chronological order, your academic profile and achievements, particularly those that are relevant to what you are applying for.Experience: List, in chronological order, your occupational history, as well as skills obtained, awards received and other professional achievements.From the biodata, the recipient will be looking to answer questions like:Is this candidate a good fit for the position?Does this candidate have the personal and psychological characteristics to work well with other team members?Does this candidate have the personal qualities to be successful?Do they have the potential to grow and enhance their skill set?Some companies have very specific guidelines for how the biodata resume is structured. In some cases, they will even provide their own pre-printed form for you to fill out during the application process. However, our builder does allow you to add custom sections once you complete your contact info, work experience, skills, education, and summary statement sections.To create this section, visit your Hloom dashboard and click the resume you wish to upgrade to a biodata resume.
